Introducing the Throw-Light

STRIKE-LIGHT

**The World's first remotely operated, deployable lighting source.
Comes with disorienting strobe and over 100db sonic alert capabilities**

Tactical

Emergency

Infrared

The features of the remotely operated Throw "Strike" Light

- ▶ Hands-free and rugged military grade polycarbonate housing to endure throwing or rolling into the most demanding situations.
- ▶ (6) Powerful Cree XTE LED's pushed at 200 lumens per LED. Always remains upright for 360 illumination.
- ▶ Disorienting strobe and 130 db sonic alert capabilities provide users with the element of surprise.
- ▶ 2 modes of operation controlled by a single button wireless remote. ON/OFF and STROBE/SIREN (over 100db)
- ▶ 2 attachment options from any overhead structure to provide an abundance of light to finish the job after the mission.
- ▶ Durable, rechargeable LiPo battery pack with quick charge VIA USB Port.

We Take Pride in Keeping you Safe!!
